

Hoya Corporation
Optics Section Europe Branch

Mönchengladbach, Germany

www.hoyacandeo.de

Short profile

We specialize in the production of colored glass material, which we sell as unpolished plates or as customized filters. We also offer a wide range of coated filter and opto-electronic glasses. Products are targeted at a wide range of fields such as cameras, optical instruments, physics and chemistry, educational materials, industrial and medical applications. For all our products we assure to supply the highest quality.

What we offer

- Colored Glass Filters
- Coated Filters (i.e. AR, UV/IR, BP, Notch filter)
- Opto-Electrical Glass for anodic bonding on Silicon wafer

What we are looking for

- LiDAR, ADAS supplier
- Optical/Colored Glass handler/processor
- High quality polishing/coating/processing companies
